Rafał Ciećwierz

Frontend Engineer

rafal.ciecwierz4@gmail.com /rafalciecwierz /in/rafalciecwierz

Frontend Engineer with **5+ years** of commercial experience in **React** and **TypeScript**. Built and maintained a white-label React platform deployed for multiple clients and a shared **Storybook** component library. **Led a team** of 6 front-end developers, **raised test coverage** from 11% to over 80%, and **modernized legacy codebases** without disrupting delivery.

Experience

MUG Software
04.2025 - 08.2026

Front-end Software Engineer

- Maintained and extended a white-label React platform: a core repository with client-specific forks, propagating global changes upstream-to-fork while keeping client customizations isolated.
- Developed and maintained a shared Storybook component library (50+ components), improving UI consistency and speeding up feature development.
- Introduced TanStack Query (replacing Redux for server state) and Zod (replacing Yup), adopting them incrementally across the app as part of ongoing feature work.

React - TypeScript - Styled Components - Jest - Redux - Storybook - Webpack - TanStack Query

VML Enterprise Solutions
09.2024 - 04.2025

Front-end Software Engineer

- Owned a reference-data micro-frontend (countries, currencies and other company-wide dictionaries) integrated into a large enterprise advertising platform via Webpack Module Federation.
- Maintained and developed the module's codebase, increasing unit test coverage from 11% to over 80%.
- Took part in the migration of a subdomain to a standalone microservice.

React - TypeScript - SCSS - Jest - React Hook Form - Zod - Vite - Module Federation

Mood up
10.2022 - 08.2024

React Developer → Front-end Team Leader

- Built the React/Redux interface for a smart intercom running on an embedded Raspberry Pi device.
- Promoted to Front-end Team Leader; led a team of 6 developers delivering MVPs for international startup clients.
- Delivered projects from requirements gathering and estimation with clients through development, testing (Jest) and deployment.
- Led a headless CMS evaluation (Strapi, Sanity, Contentful, headless WordPress and others), narrowing the shortlist to Strapi and Payload CMS for the company's stack.

React - Gatsby - Next - React Native - TypeScript - SCSS - Strapi - MaterialUI - Ant Design - Webpack - Vite - Figma

mTab sp. z o.o.
07.2021 - 09.2022

QA Automation Engineer → JavaScript Developer

- Promoted from QA Automation Engineer (Cypress E2E) to front-end developer after 3 months at the product team's request.
- Developed views and features in React for a data visualization platform with dynamic, reactive charts and presentation-style reports.
- Built Node.js scripts run nightly by Jenkins that aggregated test results into reports and posted them to Slack.
- Maintained and extended a legacy Backbone.js codebase.

React - JavaScript - TypeScript - Redux - SCSS - Jest - Cypress - Node.js - Backbone.js

Ultimate Frisbee Tournament Platform
04.2020 - 02.2021

Engineering thesis project for the Polish Ultimate Players Association
Backend Developer & UI Designer

- Owned the entire backend and database layer in NestJS and PostgreSQL: teams, players, tournaments, invitations.
- Built live match reporting with Socket.io: a tablet interface for the scorekeeper and a real-time results view for spectators.
- Designed the full UI in Figma.
- Deployed to AWS and tested in production at a live tournament in Szczecin.

NestJS - PostgreSQL- Socket.io - Swagger - Postman - Nuxt - Figma - AWS

Education

10.2015 - 02.2021 **Adam Mickiewicz University**
Engineer's degree in Computer Science

08.2017 - 09.2017 **"Ready To Work" Project**
Design Thinking and Designing User Interfaces workshops

Technologies

Frontend
React ● TypeScript ● JavaScript ● HTML5 ●
CSS / SCSS / Styled-components ● Next.js ●
Gatsby ● Module Federation ● React Native ●

Data & UI
TanStack Query ● Redux ● Zod ●
React Hook Form ● Storybook ● AntDesign ●
Material UI ● Tailwind ● Websockets ●

Testing
Jest / Vitest ● React Testing Library ●
Cypress ●

Backend
Node.js ● NestJS ● PostgreSQL ● Strapi ●

Tooling
Git ● Figma ● Postman ● Vite ●
Webpack ● Docker ● Claude Code ●

● strong production experience
● medium production experience
● low production experience

Languages

Polish — Native
English — B2

Interests

Parkour, Bass guitar

I agree to the processing of personal data provided in this document for realising the recruitment process pursuant to the Personal Data Protection Act of 10 May 2018 (Journal of Laws 2018, item 1000) and in agreement with Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation). I also consent to the processing of my personal data for the purposes of future recruitment processes.
